

# IDOC'S RESPONSE TO COVID-19 TOP 10 PRECAUTIONS

PROVIDED BY THE INDIANA DEPARTMENT OF CORRECTION

1. Screening staff on every shift before entering any correctional facility
2. Providing personal protective equipment to all staff and offenders as CDC recommended
3. All staff and offenders having access to soap, hand sanitizers, and disinfectants in every facility
4. Mass producing personal protective equipment including masks, face shields, gowns, sanitizer
5. Moving quickly to quarantine and isolate if a possible exposure occurs
6. Engaging with other local, state, and federal agencies to maintain safety and security along with medical best practices
7. Activating IDOC's Technical Response Team to frequently decontaminate facilities
8. Maintaining a great partnership with Indiana State Department of Health to activate strike teams for testing and infection control review
9. Working with local public health departments to maintain public safety in the community
10. Opening lines of communications with constituents, stakeholders, staff and offenders
